Simple - Pure - Tradition

Handcrafted sausage can be made from many recipes. At Flocchini Family Provisions, our sausages are *simple*. Made with the fewest ingredients possible, we focus on using whole muscle meats and only the finest herbs.

A third generation family company, we have fine tuned our skill at crafting authentic, flavorful meats through traditional means. Small batches and classic processes produce a high quality, fairly priced sausage rooted deep in rich heritage.

Taste that is Pure, Traditional and Satisfying.
